

**TEXAS DEPARTMENT OF HEALTH**  
AUSTIN, TEXAS  
**INTER-OFFICE MEMORANDUM**

**TO:** Regional Directors  
Directors, Local Health Departments  
Directors, Independent WIC Projects

**FROM:** Deborah Brookshire, Director {original signed}  
WIC Vendor Operations Division

**DATE:** May 1, 2003

**SUBJECT:** Grocery Store Evaluations

---

This is a reminder that the new Texas Administrative Code, Rule 31.32 (Selection of Vendors for WIC Initial Authorization for Participation) regarding grocer evaluations, was amended effective April 1, 2002. A packet of information is included for your use. Attached you will find the following items:

- Current food voucher maximums
- An example of a properly filled out store evaluation
- Guidelines for Vendor evaluations
- An example of a request for store evaluation
- An example of a properly filled out price list

At the present time, the State Agency is in the process of updating the current vendor evaluation form. Until the form is revised and mailed to your office, the current form that is used for store evaluations is dated September 2002. **Please forward a copy of this information to your staff at the clinics who are responsible for processing new store evaluations and the reevaluating of food vendors.**

## **Guidelines for Vendor Evaluations for Local Agencies**

**If the grocery store has a new owner(s), the actual change of ownership must have occurred and the new owner's price list must have been submitted for approval and the new pricing be in place prior to an evaluation being completed. This may eliminate the need for a disapproval letter being issued and an additional store visit/evaluation being completed by the local agency staff.**

**Texas Administrative Code (TAC Rule 31.32) now requires all current and prospective vendors to have and submit a copy of their current retail food operation or food manufacturer's permit from the city, county or State health authority. The permit must be issued in the name of the current owner and a copy submitted to the State Agency prior to a Vendor Agreement being issued for the store/outlet.**

**An applicant vendor's evaluation form must be completed in accordance with Texas Administrative Code, Rule 31.32 and shall be reviewed for competitive prices for the local agency (LA) area. Other retailer requirements include stocking sufficient quantities of at least one type of authorized milk, evaporated milk, cheese, cereal, contract infant formula, contract infant cereal, eggs, peanut butter, and dried beans; providing milk in gallon and half gallon containers; providing juice in 46 ounce fluid or 12 ounce frozen containers; not having shelf prices that exceed the maximum prices on the WIC food instruments; and gaining the LA's recommendation for approval.**

**The stocking requirements per Texas Administrative Code (TAC Rule 31.32) mandate stocking sufficient food items from each authorized WIC food so that a recipient can redeem food instruments for three woman/child food packages in the quantities authorized. At a minimum, the following authorized WIC foods/quantities shall be stocked:**

**Adult cereal: total of at least 108 ounces, including 36 ounces each of at least three of the following types of cereal: oat, corn, wheat, rice, and multi-grain.**

**Current multi-grain cereals are: Grape Nut Flakes, Grape Nuts, King Vitamin, Kix, Life, Multibran Chex and Toasted Oat Squares**

**Eggs: at least six dozen Grade A or AA large, medium, or small**

**Juice: total of at least 18 containers, including at least two varieties of juice in 46 ounce cans and/or 12 ounce frozen cans.**

**Cheese: total of at least six pounds.**

**Milk: total of at least 9 gallons, some of which must be in one-half gallon containers.**

**Dry beans: at least three one lb. packages.**

**Peanut butter: at least three 18-oz. jars.**

**Evaporated milk: at least eight 12-oz. cans.**

**If the vendor chooses to provide foods for infants, at least the following shall be stocked:**

**Contract infant formula: 31 cans of milk or soy concentrate AND either eight cans of milk-based or nine cans of soy powder**

**Infant cereal: at least two 8 oz. boxes or one 16-oz. box**

**The price of a food item cannot exceed the maximum price for the quantity authorized on the respective food instrument.**

**Some common examples of items that are omitted on store evaluations or errors found are as follows:**

- **Recording information on outdated forms**
- **Store evaluation completed prior to change of ownership**
- **A recommendation concerning approval is not indicated or a reason for a disapproval is not given**
- **If there are more than one brand of peanut butter and beans, not listing brand and pricing**
- **Prospective vendor is told that they are now authorized to accept WIC food vouchers**
- **Page 2 of the evaluation form is not complete**
